

Call for papers

IET International Conference on
**Biomedical Image and Signal Processing
(ICBISP) 2015**

19-20 November 2015 | Beijing, China

Call for papers

2015 IET International Conference on Biomedical Image and Signal Processing (ICBISP)

19-20 November 2015 . Beijing, China | Abstract submission deadline: 24 April, 2015

About the event

IET International Conference on Biomedical Image and Signal Processing (ICBISP) 2015 aims to gather leading academic scientists, researchers and research scholars to exchange and share their experiences and research results on all aspects of Signal and Image Processing. It also provides a premier interdisciplinary and multidisciplinary forum for researchers, practitioners and educators to present and discuss the ways that innovation, knowledge exchange and enterprise can be applied to issues relating to medicine, surgery and healthcare.

The packed programme at this conference includes technical presentations and poster sessions and a host of networking opportunities with the advantage of connecting with peers and colleagues in a professional environment.

The quality of the papers presented make this a must attend event for those involved in this sector. The call for papers is open and the organising committee invites you to submit papers for peer review.

Benefits of Submitting

- All selected papers will be published in the conference proceedings
- Selected papers will be indexed by IET Inspec and IEEE Xplore and will be submitted to EI Compindex
- Share with other experts with the latest research result and innovative thinking

Technical scope

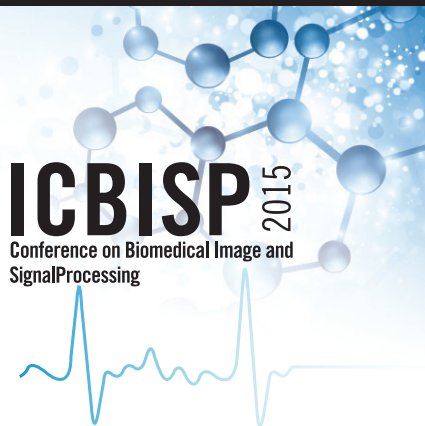

The ICBISP 2015 organising committee welcomes contributions in the following areas of biomedical image and signal processing.

Contributions can range from research concepts and ideas to technical issues and industrial applications, and are encouraged from, but not limited to, the themes and topics in the following areas:

- Biomedical Signal Processing
- Biomedical Imaging & Image Processing
- Bioinstrumentation, Biosensors, & Bio-Micro/Nano Technologies
- Bioinformatics & Computational Biology Systems Biology & Modelling Methodologies
- Cardiovascular & Respiratory Systems Engineering
- Healthcare Information Systems & Telemedicine
- Medical Diagnostics and Biomarkers
- Neural Engineering & Rehabilitation Engineering

19-20 November 2015 . Beijing, China | Abstract submission deadline: 24 April, 2015

Call for papers

2015 IET International Conference on Biomedical Image and Signal Processing (ICBISP)

19-20 November 2015 . Beijing, China

How to submit paper

1. View the technical scope
2. Complete your abstract using the template
3. Register as a new user by entering the submission system
4. Follow the simple instructions to complete your submission

Full paper template available at
<http://icbisp.events.theiet.org.cn/>

Submit your abstract online by
24 April 2015.

Key Dates

Abstract submission deadline	24 April 2015
Author notification	12 June 2015
Submission of full papers	17 July 2015
